

# Power Cart Update

## October 18th

Due to the excessive amount of rain we have received over this past week (in excess of 8mm) this combined with cooler temperatures. **We will not allow the use of power carts for at least the next 7 days (through Sunday, October 25th).**

Beside the excessive rain, the recent fairway & green aeration has not only saturated the golf course but also rendered it extremely vulnerable to damage. Power cart status will be re-evaluated next weekend, but with more rain and cooler temperatures in the forecast in the days to come, we may be forced to stop cart usage for the remainder of the season **(Sunday, November 8th).**

Our 1st priority is to protect the golf course going into the Winter months to ensure all of you may enjoy the best possible playing conditions on opening day scheduled March 19th, 2021.

On behalf of The Harvest Golf Club, I would like to sincerely thank you in advance for your support and understanding.

Respectfully,

Gilles Dufort

General Manager/Executive Professional
